PERSONAL GOSSIP.

Mr. W. A. Wilgus has returned from a visit to Washington.

Mr. L. H. McKee has been quite sick for a week with a rising in the head.

Mr. John C. Latham and wife, of New York City, arrived in the city yesterday.

Mr. Geo. L. Owen and family, of Gracely, have moved to the city and are located on North Main.

Miss Mary McCulloch, who has been teaching school near Empire, returned home Tuesday.

Dr. E. T. Hughes returned from Bowling Green yesterday, where he purchased a drove of young mules.

Miss Anna Sympert, of McPherson, Kan., arrived yesterday to make a visit to her sister, Mrs. T. B. Mason.

Mr. C. B. Holiday, representing Mr. and Mrs. Robt. Wayne Co., is in the city and will remain several days.

Mr. Harry M. Durrett, of Wichita Falls, Texas, is on a visit to his aunt, Mrs. Nannie Moore, after an absence of thirteen years.

John Bullard has returned from Paducah to accept a position with the Hopkinsville Tobacco Manufacturing Co. as book-keeper.

Miss Alma Bagby, who came here to attend the Woods-Bagby nuptials, will return home to Hopkinsville this evening.—Park City Times.

Mr. James Richardson and family, of Barboursville, Va., arrived in the Gracely neighborhood one day this week, where they will reside in future. Mr. Richardson is a brother-in-law of McGeeho's.

Mules For Sale.

A lot of fine BLUE GRASS mules will be on sale at C. H. Layne's livery stable Feb. 6, County Court day.

Next Week's Attraction.

Commencing next Monday evening Mr. and Mrs. Robt. Wayne Co. will appear at the Opera House and hold the boards throughout the week. The company is highly spoken of by the press in every city where they have appeared and they do a flattering business. On the opening evening gentlemen will be entitled to take a lady free of charge, and each lady purchasing a ticket will have the privilege of taking a companion with her. The Paducah Standard has this to say of the company:

"The society favorites opened this week's engagement at the Opera House last night in the American romance 'Forgiveness.' The audience tested the capacity of the theatre and showed their appreciation by frequent rounds of applause. Mr. Wayne's portrayal of Jack O. Diamond was a very fine piece of work, having the audience with him from the rise of the curtain. He was ably supported by his wife in the role of Anna Denison, afterward Jack's wife. They are both artists above the average and are ably surrounded with good support, and we will guarantee our theatre-goers a week of fine entertainment and prices within reach of all. To-night they will appear in the great English melodrama 'The Great Flag.'"

The Place to Buy Horses.

Nearly a hundred head will be thrown on the market and sold at auction for just what they will bring. In the lot are over two hundred standard bred trotters—including stallions, brood mares, horses with colts and young animals fit to race and win; and four splendid roadsters, saddlers, matched teams and general purpose horses—Consigned by all the prominent breeders and owners in Tennessee. Every animal will be sold without any reserve, at the Tennessee Breeders' grand sale, March 1st at Nashville, Tenn., on March 13th to 18th inclusive.

For descriptive catalogue address: WALTER O. HAMLEN, Sec. and Mgr. Baxter Court, Nashville, Tenn.

Important to Ladies.

All ladies are entitled to complimentary calls on the opening night of Mr. and Mrs. Robt. Wayne Co., by paying for one reserved box seat two can be secured. If you want to receive a ticket from the agent you can be supplied by calling at the reserved seat sale, 10, 20 and 30 cents at Opera House next week.

Book-keepers Take Notice.

Somers English Steel Pens have hand ground points and will outlast ordinary pens. Try them and

HERE AND THERE.

Tork is commanding a fancy price and is still rising.

Dr. A. P. Campbell, dentist, McDaniel building, up stairs. Operating a specialty.

Circuit Court convenes in this city the fourth Monday in this month and will be in session six weeks.

For Bronze Turkeys and eggs apply to Miss Ida Knight, Hopkinsville, Ky.

Mr. R. C. Pace has opened a hotel at Herndon and is prepared to cater to the wants of the traveling public.

"The Widow Murphy's Goat" show gave a performance at the Opera House last night to a fairly good audience.

Farmers have been very busy for the past week burning plant land and making preparations for a large crop of tobacco.

Mr. W. H. Jenson, of Fairview, shipped a car load of fine horses to Nashville Wednesday to be sold on that market.

Tom Morris has resigned his position with the Clarksville Leaf-Chronicle and returned to this city to accept the place of assistant engineer at the Asylum.

I beg leave to notify my friends that I have sold my drug business to Blakemore Bros. Hoping you will continue your patronage with them. I am respectfully,

WALLACE R. WOOD.

Deaths.

BOYD.—The wife of Mr. J. S. Boyd died at her home near Pleasant Green Wednesday of consumption, aged 60 years.

COLLIER.—Henrietta Finner died in the city of flux Sunday, aged 40 years.

An Important Difference.

To make it apparent to thousands who think themselves ill, that they are not affected with any disease, but that the system simply needs cleaning, is to bring comfort home to their hearts, as a positive condition is easy cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

Sales This Week.

The sales of tobacco in the city are now increasing with each week, two hundred and fifty hogsheds having passed hands this week. The market is gradually growing in strength on all grades and this week's sales were quite satisfactory. The receipts are also increasing and if the present weather continues many days they will continue to increase. The following quotations represent our market:

The ground hog saw his shadow yesterday if he happened to be out between 11:30 and 1:30 o'clock. So we are to have forty days more of winter.

The examination of graduates from the Common Schools of the county is being held at South Kentucky College and will not conclude until tomorrow.

The Methodist revival closed Tuesday night with a total of 111 additions to the church. This increases the total number of additions to all the churches during January to 323.

The Hopkinsville Tobacco Manufacturing Company has increased its capital stock from \$15,000 to \$30,000, and will largely increase its capacity, to meet the demands of growing business.

Miss Folia Payne has resigned her position with Mrs. Carrie Hart to accept a more lucrative one with Mrs. Ada C. Layne. Miss Payne is thoroughly acquainted in the millinery business and will be quite an acquisition to Mrs. Layne's line of salesladies. Miss Payne will be head clerk in the establishment, and would be pleased to have her old friends call on her.

G. B. Williams, the newly appointed Republican postmaster at Hartford, has decided not to accept the office and a Democrat will therefore get this position as soon as the Congressmen makes a recommendation.

Mr. T. F. Brown, the Seventh street monumental dealer, has just erected a very handsome granite monument over the grave of the late Lucian Jones. It is a beautiful piece of workmanship and is among the finest monuments in Hopewell Cemetery.

Dr. Appleman, the specialist in chronic, nervous, female and eye, ear, nose and throat diseases, enters upon his second year's practice among us with assured prospects of the same phenomenal success which has attended his practice here from the first. Many years of earnest devotion to his specialties enable him to combat disease with a certainty born of continual success. Now is the time to begin the treatment of all chronic troubles, as the spring months are more severe on this class of sufferers. See the Doctor at his office, Phoenix Hotel next Thursday Feb. 9.

W. M. West & Co. have started up their steamery on Railroad street with force of 50 hands and are handling some of the finest tobacco raised in the county last year. Their steamery is very conveniently arranged and provided with all the latest fixtures and machinery for conducting their business with dispatch. It has steam drying rooms and no time is lost in waiting for "seasoning."

Mr. W. M. West is the active manager of the house, assisted most of the time by his partners, Messrs. E. M. Place and J. P. Thompson. The handling capacity is about 6,000 pounds a day.

CREAM OF NEWS.

More Thieving at Crofton.

Thieves effected an entrance to Myers & Jackson's general merchandise store at Crofton about noon Wednesday and secured all the cash in the cash-drawer—about \$5. The proprietors of the store were at dinner at the time of the robbery. The thief entered through a rear window, and escaped without leaving any clue as to his identity. He was evidently familiar with the surroundings, as he worked the combination on the cash-drawer without trouble.

Wants \$5,000 of O. V. Money.

J. H. Brunner, a St. Louis drummer, has filed suit in the Circuit Court against the Ohio Valley Railroad Company for \$5,000 damages. Brunner boarded a train at Blackford to go to Nennet's switch. He claims that he was unable to obtain a ticket at Blackford, and the conductor refusing to accept the fare tendered by Brunner, ejected him from the train at a point half way between the stations. He asks for the \$5,000 damages for this being ejected.

A Hunter Fatally Hurt.

While out hunting with a party of friends, Ed Deason, a young man who lives near West Fork, in the extreme southern part of this county, was seriously, if not fatally, injured by the accidental discharge of a gun in the hands of one of the party. The charge of shot struck the back of his head, fracturing the skull and making a terrible wound. He has been unconscious since the accident and there is little, if any, hope of his recovery.

A \$5,000 Judgment.

The Supreme Court of Tennessee has handed down an opinion giving John S. Miller, of Clarksville, judgment against the American Accident Insurance Company for \$5,000, the full amount of an accident policy with them. It will be remembered that about two years ago while Mr. Miller was cleaning a shotgun the following piece was discharged, shattering one arm so badly that amputation was necessary. Miller brought suit and the Company fought it stoutly upon the grounds that they were not liable for an accident incurred while the insured was not traveling. Mr. Miller is an old newspaper man.

A Frightful Freight Wreck.

A fast freight on the Newport News and Mississippi Valley road was wrecked last Saturday night at Asphal, a small station 63 miles south of Louisville. James Price, the engineer; Alfred Tierney, the fireman; and Walter Harris, a colored brakeman, were instantly killed, and the engine and half a dozen cars were demolished. The three men killed were crushed under the engine and the escaping steam burned their bodies in a horrible manner, portions of their heads and necks being cooked. A misplaced switch caused the wreck. The loss to the Company is estimated at \$50,000.

Charged With Rape.

A warrant has been sworn out against Mr. W. R. Overton, a farmer residing five miles east of Crofton, charging him with the crime of attempted rape. A Mrs. Hick's, wife of a fellow farmer and neighbor, swore out the warrant. Mrs. Hick claims that she was assaulted by Overton last Saturday morning as she was returning from the spring with a bucket of water. She was choked in a horrible manner and nearly all her clothing was torn from her body. Her screams attracted another neighbor who ran to her assistance, when Overton made his escape to the woods. The Constable has been unable to locate Overton and it is thought that he has left the country. He is about 65 years old and is a man of family.

Handlers of the Weed.

The tobacco business of Hopkinsville is assuming mammoth proportions, and extending into new branches every year. The warehouse business is conducted by six large warehouses, the Tobacco Exchange being one of the handsomest and most conveniently arranged in the State. The Hopkinsville Tobacco Manufacturing Company is extending its trade into all parts of the country and is giving constant employment to from 40 to 50 hands in making some of the finest chewing and smoking tobaccos on the market. The cigar factory started a year ago is meeting with unexpected success and turning out fine classes of cigars, that are finding their way into markets all over the country. An increase in the capacity of the plant is bound to be made in a short time. The steamery business is represented by three immense concerns working 50 or more hands each and affording the planters a strong competitive market for their tobacco. In addition to all these houses now in operation, a large "black flat" factory has been contracted for by Alfred Lewis & Co., who will put up tobaccos for export trade only. This new enterprise will be a big concern employing not less than 100 hands. It will be located west of the river, in the Seventh ward, on a lot bought from Dr. Bentley.

A Generous Firm.

We are informed that the proprietors, Messrs. A. P. Ordway & Co., recently sent three dozen of that reliable medicine, Sulphur Bitters, to the Catholic Home for the Aged, which is highly appreciated by the directors and the inmates.

The steamery business is represented by three immense concerns working 50 or more hands each and affording the planters a strong competitive market for their tobacco. In addition to all these houses now in operation, a large "black flat" factory has been contracted for by Alfred Lewis & Co., who will put up tobaccos for export trade only. This new enterprise will be a big concern employing not less than 100 hands. It will be located west of the river, in the Seventh ward, on a lot bought from Dr. Bentley.

A Generous Firm.

We are informed that the proprietors, Messrs. A. P. Ordway & Co., recently sent three dozen of that reliable medicine, Sulphur Bitters, to the Catholic Home for the Aged, which is highly appreciated by the directors and the inmates.

CREAM OF NEWS.

More Thieving at Crofton.

Thieves effected an entrance to Myers & Jackson's general merchandise store at Crofton about noon Wednesday and secured all the cash in the cash-drawer—about \$5. The proprietors of the store were at dinner at the time of the robbery. The thief entered through a rear window, and escaped without leaving any clue as to his identity. He was evidently familiar with the surroundings, as he worked the combination on the cash-drawer without trouble.

Wants \$5,000 of O. V. Money.

J. H. Brunner, a St. Louis drummer, has filed suit in the Circuit Court against the Ohio Valley Railroad Company for \$5,000 damages. Brunner boarded a train at Blackford to go to Nennet's switch. He claims that he was unable to obtain a ticket at Blackford, and the conductor refusing to accept the fare tendered by Brunner, ejected him from the train at a point half way between the stations. He asks for the \$5,000 damages for this being ejected.

A Hunter Fatally Hurt.

While out hunting with a party of friends, Ed Deason, a young man who lives near West Fork, in the extreme southern part of this county, was seriously, if not fatally, injured by the accidental discharge of a gun in the hands of one of the party. The charge of shot struck the back of his head, fracturing the skull and making a terrible wound. He has been unconscious since the accident and there is little, if any, hope of his recovery.

A \$5,000 Judgment.

The Supreme Court of Tennessee has handed down an opinion giving John S. Miller, of Clarksville, judgment against the American Accident Insurance Company for \$5,000, the full amount of an accident policy with them. It will be remembered that about two years ago while Mr. Miller was cleaning a shotgun the following piece was discharged, shattering one arm so badly that amputation was necessary. Miller brought suit and the Company fought it stoutly upon the grounds that they were not liable for an accident incurred while the insured was not traveling. Mr. Miller is an old newspaper man.

A Frightful Freight Wreck.

A fast freight on the Newport News and Mississippi Valley road was wrecked last Saturday night at Asphal, a small station 63 miles south of Louisville. James Price, the engineer; Alfred Tierney, the fireman; and Walter Harris, a colored brakeman, were instantly killed, and the engine and half a dozen cars were demolished. The three men killed were crushed under the engine and the escaping steam burned their bodies in a horrible manner, portions of their heads and necks being cooked. A misplaced switch caused the wreck. The loss to the Company is estimated at \$50,000.

Charged With Rape.

A warrant has been sworn out against Mr. W. R. Overton, a farmer residing five miles east of Crofton, charging him with the crime of attempted rape. A Mrs. Hick's, wife of a fellow farmer and neighbor, swore out the warrant. Mrs. Hick claims that she was assaulted by Overton last Saturday morning as she was returning from the spring with a bucket of water. She was choked in a horrible manner and nearly all her clothing was torn from her body. Her screams attracted another neighbor who ran to her assistance, when Overton made his escape to the woods. The Constable has been unable to locate Overton and it is thought that he has left the country. He is about 65 years old and is a man of family.

Handlers of the Weed.

The tobacco business of Hopkinsville is assuming mammoth proportions, and extending into new branches every year. The warehouse business is conducted by six large warehouses, the Tobacco Exchange being one of the handsomest and most conveniently arranged in the State. The Hopkinsville Tobacco Manufacturing Company is extending its trade into all parts of the country and is giving constant employment to from 40 to 50 hands in making some of the finest chewing and smoking tobaccos on the market. The cigar factory started a year ago is meeting with unexpected success and turning out fine classes of cigars, that are finding their way into markets all over the country. An increase in the capacity of the plant is bound to be made in a short time.
